ULTIMATE CLEANING TECHNOLOGY

There's a reason why Dolphin is the #1 selling robotic pool cleaner. Unlike competitor cleaners that use random patterns to clean the pool floor, Dolphins use CleverClean Smart Navigation with PowerStream to ensure complete pool coverage.

SUSTAINABLY DESIGNED. ENERGY EFFICIENT.

The Dolphin T Line consumes an average of 5 cents of energy per hour and is 8 times more energy efficient than suction and pressure cleaners.

No More Tangling

VS.

Tired of lots of hoses and cables? Dolphins are "plug and play" and include the patented Dolphin Swivel technology that gets rid of tangling and ensures complete pool coverage.

2 Filters in 1 Basket

Dolphins are easy-to-use. Our large capacity, top load filter baskets have fine and ultra-fine filtration to collect both large debris like leaves, plus the smallest particles of algae and dirt. Your pool becomes sparkling clean while you have more time to spend with family. Once finished, just remove the basket and rinse clean.
