The Synergy above ground swimming pool by Aqua Leader combines ultra-durability and modern lines to provide a sleek and stylish pool design. This pool's resin **9" top rail and 7" wide vertical post** are made with the latest injection molding technology, providing superior durability. The colour of the resin components is solid all the way through, meaning they will never fade.

A distinct feature of this pool is the **all Aluminum wall that prevents corrosion**. Complete with a **54" Destination wall** the Synergy is compatible with virtually all pool chemical systems.

Bought my Above Ground from Carl in October 2018. Everything went as planned with June 2019 delivery & set-up. Flexible when I needed to reschedule. All staff very professional and courteous from the kid who delivered the materials, to the two who came out with the bobcat, to the installers. All cleaned up after themselves & left minimal mess for me to deal with. Minor issue with the heater, but Carl was on it immediately and the matter was resolved without incident. Very happy with the level of personal service & would recommend Pioneer Family Pools to anyone.

ROB K.

We had the pleasure of meeting Dale Craig who helped us finding the perfect pool for our family. When it came to installation Pioneer Pools were very professional. For first time pool owners Pioneer Pools were very helpful. Unfortunately, our pool got damaged due to a neighbours house fire. Dale and his team were excellent helping us on replacing our pool in a very quick matter during their busy schedule. Dale and Pioneer Pools go above and beyond for their customers. Excellent service & I would highly recommend them!

The Aqua Leader Sentinel is a modern Above Ground swimming pool that combines strength and durability with a contemporary design. With precision-molded connections, including the **9" radial resin top rail and 7" wide vertical post** that fit together perfectly every time, this pool provides long-term benefits you're sure to appreciate year after year.

The reliability and structure of the Sentinel's design eliminate the use of angular joints, which produces ultra-strong rails, stunning continuous curve and a **54" Stella wall**. This unmatched combination of structural integrity and a clean, contemporary design provides reliable fun for the whole family year after year.

The Aqua Leader Trinity Above Ground swimming pool was designed with three key ingredients in mind – durability, low maintenance, and family fun! The radial resin **6" top rails and resin 7½" wide wall posts** were created using a state of the art injection moulding process for superior strength and preservation over time that also makes these pieces salt-water friendly.

The top rails feature unique channels that work to capture water making your rails less slippery when entering and exiting the pool. The **54" Trinity wall** is the tallest we offer making it the perfect option for families with kids from young to old and swimmers from beginner to professional.

Our second pool from Pioneer and they did an excellent job once again. The materials and assemblers showed up as scheduled and did their work quickly and neatly.

A special thanks to Carl Hayes who helped us make some small changes to our order and then worked to make certain everything went smoothly. Excellent customer service!

DAN & HELEN

We just bought an Above Ground pool after doing a lot of research before deciding to go with Pioneer Pools. Scott and his crew provided amazing service. The wrong pool liner was sent, Scott called Kelley and within a half hour the correct one was delivered and installed. Scott and his crew were extremely professional, hard working, friendly and efficient. I had an inquiry about the pool and received a call back from Kelley within 15 mins....I am thrilled with how well my pool looks and can't wait to use it in the Spring. I definitely recommend Pioneer Pools!

The Vogue Regency Above Ground swimming pool has become a customer favourite. This unique design features top of the line engineering that makes the Regency incredibly durable, and the perfect match for our Canadian winters. The **7" resin top rails** provide stability and style. A **6" steel wall posts** provide superior strength, while the **52" Breeze wall** provides style and sophistication with a one-of-a-kind pattern.

The two tone designer resin top caps blend beautifully with the **Blue Mount Royal liner** to complete your very own backyard sanctuary.

We had an above ground pool installed in 2018. Very great experience with Dale and Team! Worked with our budget for a quick effortless installation. Couldn't be happier! Also, being first time pool owners we really appreciate the quick responses for the many questions we had! Would definitely recommend Pioneer Pools!

MICHELLE GALDA

We purchased our Above Ground pool at the beginning of 2019. We were quite impressed with the knowledgeable staff and the level of help and advice. The installers were engaged, professional and a pleasure to deal with. Throughout our first season, Pioneer Pools provided help and advice ensuring the seamless enjoyment of our pool. I can not recommend this company and their people highly enough. We are very, very pleased!

STEVE SPARLING

The Atlantic Neptune Above Ground swimming pool is an incredible option if you're looking for something that will last. The **7" steel top rails and 7" steel uprights** were built using corrugated steel to provide the strength and resilience and Texture-Kote finish has been placed on all the uprights and rails to provide 'all weather' protection with added resistance against corrosion, scratching, and damaging UV rays.

The Neptune is also built to impress with the **54" Vision wall** and **Greystone River Tile liner** that will brighten up any backyard.

Summer vacation will never be the same thanks to the Atlantic Esprit Above Ground swimming pool. This uniquely designed pool features **5 1/4" steel wall posts** and **6" linear steel top rails** for ultimate strength and durability.

The rugged and durable design featuring a **52" Punka steel wall** that will withstand our harsh Canadian winters with ease to provide you with years of worry free enjoyment. The Esprit will become your backyard time capsule where you spend time with family and friends and watch your children grow as you create memories that last a lifetime.

Service was GREAT. We dealt with Bill in sales for the whole project. We had a brand new salt water 18' x 33' Above Ground pool installed. The follow up care was great. Bill always gets back to us quickly and helped us 1st time pool owners through our 1st several weeks of pool care and use of the system.

WHY BUY AN ABOVE GROUND POOL?

Perhaps the most popular benefit of Above Ground Pools are their affordable price tags and the lowered expenses that come with them. Above Ground Pool prices are generally lower than the prices of other pool models currently on the market due to their sizes and smaller-scale installs. In addition, Above Ground Pools have lower operating costs as they typically require less chemicals and less equipment to keep them running in tip-top shape.

It's true when we say, "Buy an Above Ground Pool today and you'll be able to swim in three weeks!" Due to the seamless construction of these pools, they are quick and easy to install. Instead of digging a large hole in the ground and spending extra dollars on construction, Above Ground Pools are an "out of ground pool" and can typically be installed within a 1-3 day timeframe.

Components are all precision made to fit together, making installation a breeze while ensuring that your pool has the support to remain durable and tough for years to come.

UNLIMITED BACKYARD DESIGN IDEAS

Gone are the days where pool owners are stuck with having a winter-grey Above Ground sitting stark in the middle of their yards. Whether you're looking for a pool for a small space, or just prefer the "out of ground" pool look, our Above Ground Pools come in a wide range of sizes and styles that will fit the look of any backyard.

We are always sharing new and creative ways to landscape and build around your Above Ground Pool. You will notice that many modern Above

Ground Pool designs have been inspired from nature. Enjoy Above Ground Pools with soothing images of tall grass blowing in the wind or rocky textured looking patterns that represent natural strength and raw power.

Build a stunning wood structure around your pool, or surround it with plants and trees to create a zen oasis. The possibilities are endless!
