

# THE SMART WAY TO HOT TUB

## Control and Monitor Your Spa from Your Smartphone

Experience smart, simple, stress-free spa ownership with the Hot Spring® Spas app, powered by the Connected Spa Kit.

With just a touch:

- Set water temperature, jets, and lighting from anywhere.
- Monitor and adjust the FreshWater® Salt System remotely.
- Manage multiple spas at multiple locations.
- Provide guest access to service professionals, property managers or family members.
- React quickly when attention is needed.
