WHY CHOOSE US?

In 1965, when Pioneer Family Pools began, we knew our
commitment to serving customers would go beyond the
installation of a swimming pool. More than five decades in the
leisure industry has provided us with unparalleled knowledge and
a broader understanding of customer expectations and desires.
We are continually improving our product line up while embracing
new and innovative ways to serve you better.

VINYL OVER STEEL STEPS

Our family had a great experience with Pioneer Family Pools for our inground pool. First of all, our sales associate Bryn was professional, thorough and patient in explaining the whole process through.

The whole process was smooth from start to finish and these guys complimented each other beautifully. We would not hesitate in recommending Pioneer Family Pools to anyone looking to install a backyard pool.

J. W. Oh

The Allen's MODERN OASIS

From the outdoor lounge area and the brilliant blue liner to soothing natural landscape, the Allen's backyard is a stunning retreat!

A magnificent combination of colour and texture is used in the Allen's Inground Pool to create this dreamy outdoor retreat. The vinyl over steps, sheer descent, and multicoloured lighting is this rectangle pool's key characteristics, which measure 15' x 30'. The Vinyl-Over-Steel Steps that run the length of the shallow end are perfectly framed by the poolside poolhouse, which also provides the way in and out of the shallow end. The massive Sheer Descent Waterfall spans the length of the pool and showcases a single section to draw attention to the centre part.

The Multi-Colour Lighting System adds atmosphere and peaceful nocturnal energy to their outdoor sanctuary, making nighttime swims there extremely memorable.

The deep Polynesian Liner creates a summer retreat fit for royalty, or your closest family and friends. With ample poolside seating, the party will never have to stop as you make your way from poolside lounging to being fully submerged in this inspired inground pool.

The Simon's RESORT INSPIRED OASIS

The Simon's backyard is one for the books & is something that you have to see to believe!

We are confident that guests of the Simon family won't want to go home from this freeform resort style oasis. Their 40' x 40' custom Inground is complete with a Natural Waterfall from an upper pool area and a full swim-in Grotto. Guests can swim into the Grotto from the main pool, or lounge on top of it in the upper pool; the Simon's pool has plenty of options for swimmers. The Full Avalino Vinyl Liner keeps this pool looking bright and inviting all summer long.

The fun does not stop there! This sprawling yard also hosts a custom putting green, a covered outdoor kitchen, cozy lounge areas and a patio/dining area. The Simon's and their guests will never be bored in this wonderful escape. From evenings spent lounging by the Outdoor Fireplace, to splashing around in their large ground, this backyard was a dream that became reality.

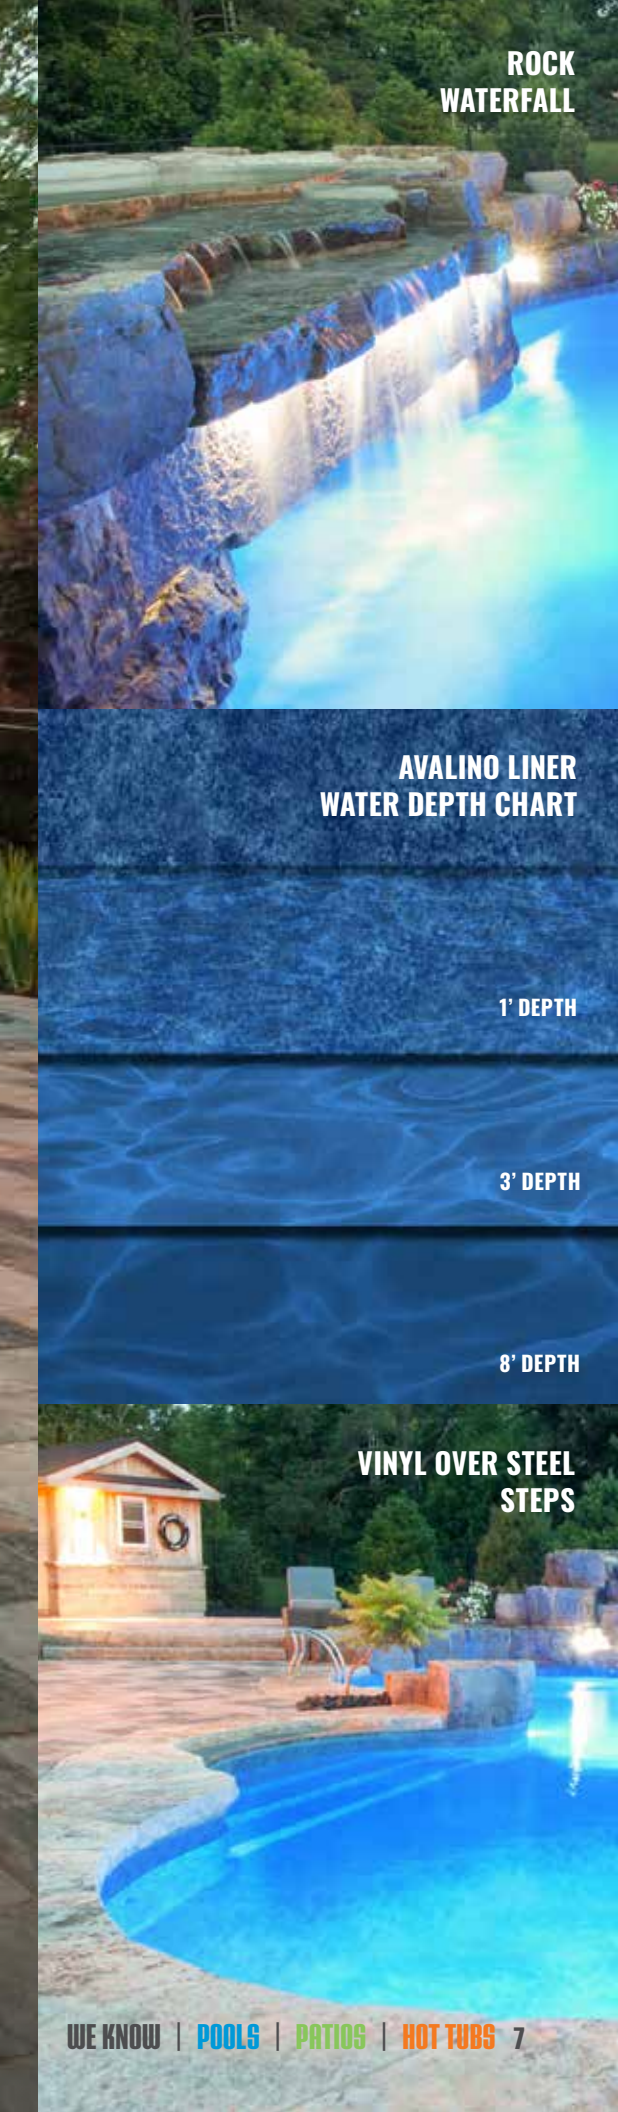

We worked with Landecks Landscaping to complete this jaw-dropping masterpiece. Landecks Landscaping is a Flamborough based landscaping company servicing Oakville, Milton, Burlington, and surrounding areas.

We had an incredible experience with Pioneer Family Pools this past summer! We were trying to decide between pool companies and a thrilled with the work Pioneer did for us. We booked the build at the beginning of July and we've been swimming since mid august. Fast build, incredible quality.

The entire team from the digging crew to the pool school was extremely polite and kind and wonderful to work with. Jeremy, our sales rep, was extremely patient with us as we went back and forth on pool designs and always made us feel comfortable and not rushed. We loved our experience with Pioneer Family Pools!

The Fianza's CONTEMPORARY OASIS

The Fianza's backyard has been one of our most memorable projects so far!

In the Fianza's backyard, we built a Modern Rectangular Inground Pool, finished it with a Crystal Quartz Liner and Straight Open Top Inside Steel Steps.

We installed a Three-Point Led Multi-Colour System so guests will be inspired by the pool's beauty during the day and at night. From the luxurious, poolside chaise lounge chairs, to the sleek, elegant patio, this backyard space has been transformed into something truly unique.

Our Sales Rep Chris Switzer, was with us every step of the way! Working with Chris was a pleasure, his professionalism, knowledge and enthusiasm gave us complete confidence that the installation would meet our expectations and be completed in a timely manner. He guided us through the many details and he was always prompt to respond to our inquiries. Mike's installation crew was a well-oiled machine, and all components of the installation were extremely well orchestrated.

Thanks Pioneer, we love our pool!

We can't thank Bryn and the team at Pioneer Family Pools for the amazing job they did on our pool install! From start to finish Bryn was hands on making sure everything went smoothly and to our satisfaction. He helped us come up with a design that worked for our backyard and walked us through the process answering our questions and proposing solutions that made sense. If you're looking to put in a pool and want 5 star service, we would highly recommend Bryn and Pioneer Family Pools!

The Charlemagne's RESORT INSPIRED OASIS

We've created the perfect Summer hangout spot!

The Charlemagne's Rectangular Inground Pool is the entertainment spot for the family. It is the perfect blend of simplicity and modern design. The main features used in Charlemagne's pool are the Caribbean Grey Liner, Vinyl-Over-Steel Steps, built-in Pool Seating, and Sheer Descent Falls.

The family and their guests will enjoy relaxing in the Poolside Spa, complete with its own Custom Sheer Descent Waterfall Feature, and on the patio chairs overlooking the pool.

The pool looks marvelous at night because of the hanging sequential serial lights. The Charlemagne's backyard is the perfect summer hangout spot, and their pool's strikingly, blue water is as refreshing as it looks!

5 CHOOSE YOUR EQUIPMENT

The Versa Plumb Pool System

Whether you choose a Chlorine or Salt sanitation system, our Versa Plumb System is up to the task, reducing hydraulic resistance by up to 50% versus other equipment pads. This innovative system allows for up to a 1/2 HP smaller pump to achieve the same flow, resulting in greater energy savings by using 50% less plumbing pipes and fittings.

1. JX1™ GAS HEATER

The JX1 heater sets a new standard in pool heating technology with ultra-compact size, high efficiency and user-friendly digital control panel.

2. NATURE2® FUSION MINERAL PURIFIER

By combining patented Nature2 mineral technology with an automatic chlorine tab feeder, the water is noticeably cleaner, clearer, and softer. A natural supplement to chlorine by maximizing the chlorine's efficiency.

3. CV CARTRIDGE FILTER

Constructed with durable, corrosion resistant, and heavy duty polymeric materials for long lasting performance. The CV Filter comes in 340, 460 and 580 sq. ft. options. CS 250 for smaller applications is also available.

4. FLOPRO™ PUMP

Fitted with an ergonomic cam-lock lid for easy alignment and strainer basket cleaning. Energy efficient without compromising power.

6 CHOOSE POOL OPTIONS

Whether you choose a Chlorine or Salt sanitation system, our Versa Plumb System is up to the task, reducing hydraulic resistance by up to 50% versus other equipment pads. This innovative system allows for up to a 1/2 HP smaller pump to achieve the same flow, resulting in greater energy savings by using 50% less plumbing pipes and fittings.

1. UV SYSTEM
The UV System destroys micro-organisms that chlorine or salt generators cannot, keeping your pool cleaner and healthier while dramatically reducing chemical demand without the harmful by-products.

2. MOOV HEAT PUMP
It's mission is to keep your pool at a constant temperature all season while saving you money. It is a 'set it and forget it' variable speed technology that offers an impressive level of silence and unrivaled value for your money!

3. VERSAFLO INTEGRATED BYPASS
The JXi™ with VersaFlo is the first and only swimming pool heater that automatically directs the flow of water through the heat exchanger when heat is needed and around the heater when heating is not needed — allowing you to save money on your electricity bill.

4. ROBOTIC POOL CLEANER
The Zodiac Robotic cleaner takes robotic pool cleaning to the next level as it boasts Zodiac Vortex technology for powerful and constant cyclonic suction throughout the cleaning cycle.

5. NATURE2 FUSION SOFT SALT WATER
The Nature2 Fusion Soft system is an all-in-one salt water sanitation system. The Fusion Soft combines all of the benefits of the Nature2 Cartridge with the convenience and performance of an automatic salt water sanitizer.

6. OZONE WATER PURIFYING SYSTEM
Use of ozone reduces the demand for pool chemicals by up to 60% by actively breaking down waste products and allowing chlorine to work more effectively.

7. VARIABLE SPEED FLOPRO PUMP
The VS FloPro is designed with an innovative adjustable base, allowing for simple installation for new construction. The VS FloPro is designed to be operated at energy saving lower speeds for maximum efficiency.

8. iAQUALINK (OPTION)
Use our App on the go and control your pool or pool/spa system from anywhere.

Have You Considered Salt?

We've seen the trend switch from traditional systems to new & improved salt water sanitation systems. Here's a breakdown of some of the benefits:

ENJOY CONSISTENT SANITATION
With a salt sanitation system, you'll enjoy the benefit of a more consistent sanitation system as the salt cell itself is responsible for creating its own chlorine to sanitize the water. Chlorine in a salt pool? Yes! Unlike a chlorine system, where chlorine has to be handled and added manually, salt systems regenerate natural chlorine to provide a safe and balanced system.

IT SAVES TIME
Salt water pools require less maintenance to alleviate traditional harms like algae, because algae does not grow as quickly in salt water pools due to more consistent sanitation. The water is naturally transformed from salt to chlorine saving you time by not having to balance your water as often.

SPEND LESS ON CHEMICALS
Once you've added your salt to your pool for the season, chances are, you won't have to add any more. The only time you'll need to replenish the salt will be after a hard rainfall where the water balance may have skewed, when you have to re-fill, or when backwashing. You won't need to handle chlorine or worry about getting it on your clothes as the salt system produces its own natural chlorine.

SILKY, SMOOTH WATER
One of the major benefits to salt water pools is that they avoid the build-up of chloramines. The consistent replenishment of chlorine prevents strong chemical odours and allows for Pool owners to enjoy silky smooth water that is easier on your skin, eyes and hair. Salt water systems operate a lower chlorine level

which means the water is less drying to your skin. And don't worry about tasting the salt in the water. A swimming pool will operate at approximately 3,000 ppm of salt, whereas the ocean holds a 35,000 ppm of salt. Enjoy more of your pool with less work.

These are just a few of the primary benefits to having a salt water pool. In the end, the decision comes down to how you plan to use your pool, the overall maintenance you want, and the feel you want to achieve when you first walk in. We carry a selection of Chlorine, Bromine, Ozone, UV, and Salt Systems to provide you with all the options for keeping your pool clean.

If you have any questions, our knowledgeable staff are here to help you make the right choice for your unique backyard oasis.

What Colour Pool Water Are You Looking For?

Our incredible selection of pool liners is one of the largest in the industry and feature captivating designs that fit with any backyard oasis. Our liners are made using virgin vinyl material to provide the most durable product and come equipped with warranties of up to 25 years to provide you peace of mind.

Before you begin the search for the right liner you should take a few factors into consideration. How much sunlight does your pool get? Is your pool shaded by trees or other obstructions? Do you tend to swim at day or at night? How deep is your pool? All these factors can change the colour of your pool water, and can help you decide on the colour and pattern of your liner.

Our online Water Colour Selector can help you visualize how different liner colours react differently when water is added.

WE HAVE THE BEST WARRANTY IN THE BUSINESS

Pool Wall Structures

Your Pioneer Family Pools Dealer guarantees that the entire wall and supporting structure of all Pioneer Inground Pools are free from manufacturing defects and will perform satisfactorily for as long as the original purchaser owns the pool.

Inground Pool Coping

Your Pioneer Family Pools Dealer guarantees that the coping on all Pioneer Inground Pools are free from manufacturing defects and will perform satisfactorily for as long as the original purchaser owns the pool.

Concrete Pool Bottoms

All concrete bottoms installed by Pioneer Family Pools are guaranteed to be free from defects in material and workmanship and will perform satisfactorily under normal ground conditions for as long as the original purchaser owns the pool.

Underground Plumbing

All underground plumbing in your Pioneer Inground Pool is guaranteed not to leak under normal operating conditions for as long as the original purchaser owns the pool and provided Pioneer winterizes the pool.

Concrete Pool Decks

The engineered perimeter deck installed by your Pioneer Family Pools Dealer is guaranteed to be free of settlement under normal ground conditions for as long as the original purchaser owns the pool. Due to the inherent nature of concrete, cracking can occur due to climatic conditions and is considered normal and is not covered by this warranty.

Extended Equipment Warranty*

Your Pioneer Family Pools Dealer extends the terms of Jandy's original equipment warranty of 1 year by an additional 2 years to cover the costs of materials and labour incurred in the repair of such equipment, with a \$200 deductible payable by the pool owner in the 4th and 5th calendar years. (Heater is excluded from year 4 and 5).

Transferable

This guarantee is transferable by the original purchaser to one only subsequent purchaser of the property on which the pool is installed for a transfer fee of \$750 (+ HST) which must be paid to the Pioneer Family Pools Dealer within 30 days of the transfer of title of said property. Pioneer Family Pools retains the right to inspect each pool before the transfer of said warranty.

General

These guarantees are in lieu of all expressed or implied. No representative or other person is authorized or permitted to make guarantees or to assume liability not strictly in accordance with the terms as shown on the Guarantee Certificate. This warranty is contingent on full payment of the original purchase price being made by the purchaser.

All guarantees or warranties are void if pool equipment is abused or if proper maintenance, installation and winterizing procedures are not followed or if the proper chemical care of the pool water is not maintained. All warranty claims must be submitted to your Pioneer Family Pool Dealer, and must be accompanied by a duly executed original copy of the Pool Sale Agreement.

Pool Liners

Pioneer Family Pools' liners are guaranteed to be free from original defects in workmanship and materials, and not to separate at the seams for as long as the original purchaser owns the pool. Should an original defect or seam separation occur, your Pioneer Family Pools Dealer will rectify the problem at their own cost, or offer a replacement liner in accordance with the following cost sharing schedule:

YEAR NO. AFTER PURCHASE DATE	DEALER'S REPLACEMENT LINER COST SHARE
Year 1 & 2	100%
Year 3 & 4	75%
Years 5 - 7	40%
Years 8 - 10	25%
10+ Years	15%

In addition, for pools installed by your Pioneer Family Pools dealer, the liner warranty covers 100% compensation for loss of chemicals and labour, for the first 2 years only.

* This warranty extension pertains only to a pool equipment system that consists solely of Jandy products.

CHOOSING PATIO FURNITURE FOR YOUR RETREAT

Make Sure You Get The Set You Want! Order Early & We'll Deliver It When Your Pool Is Ready!

When designing your ideal outdoor retreat we like to start by asking what your ultimate vision is. Do you like to eat meals outside? Do you entertain often? If so, how much seating would be reasonable to accommodate your guests? These questions help us paint a picture of your needs to ensure you get the set or piece you need to complete your space.

Once we know your vision things get a lot easier! We offer a wide variety of sets that suit almost every style. The next thing to consider is the size of the space and how much room you want surrounding the set. Choose from sets that include the various pieces you'll need to complete the space, or consider a modular sectional that allows you to customize your space and achieve the perfect fit.

If you're looking for deep seating options other than sectionals, we offer bistro sets, sets for smaller spaces, or even picking your favourite item from a piece in one of our collections.

Considering a dining option? Our wide variety of collections allow you to find the set you want, or mix and match between various collections as all of our dining sets are priced separately!

Choose Your Colour

When it comes to colour, we like to ask whether you're looking to match a certain colour theme or if you're starting from scratch. If you have existing colours in your yard it helps eliminate/highlight options right away. We offer a great custom cushion program that lets you colour match almost any of the sets we carry.

Take a few pictures of your space and have a few colour and set options in mind to help you narrow down what you're looking for. You can easily contact us in store or online using our 'Let's Talk Backyards' button that will put you in touch with one of our backyard planning experts! CREATE YOUR OWN BACKYARD OASIS

A hot tub is the solution for a cozy and comfortable way to gather and connect that your family and friends will enjoy. The best part about family time in the hot tub is that it forces everyone to unplug, if even for 20 minutes, and actually interact in person. Get back your opportunity to learn about each others days, play a card game with Waterproof Playing Cards, or just enjoy each other's company.

For less than the cost of an average vacation, you can have a backyard oasis to enjoy with your loved ones every day for years to come.

Every Day Made Better

Our line-up of HotSpring® hot tubs offers the seating, jet count, comfort, and style you need to take your backyard retreat from good to incredible. Enjoy signature HotSpring features on select models like the Fresh Water Salt System that makes maintenance easy, and keeps your water cleaner, softer, and more natural, or the revolutionary Connexion system that allows you to monitor and control your hot tub from anywhere.

CalderaSpas™ Come To Life

If you're looking for a hot tub that provides comfort, style, and performance, then a Caldera Spa is definitely for you. These hot tubs offer unparalleled features including Freshwater salt water care system that maintains your water with ease, and the Circuit Therapy jets that provides each of your major muscle groups with a satisfying massage. With seating options from 2-8, you're sure to find the perfect fit for you.

Transform Tension Into Rejuvenation

1. FIGHT COLDS WHILE YOU RELAX

Hydrotherapy has been shown to increase blood flow of white blood cells helping to strengthen the immune system. Hot tubs can also help alleviate congestion by clearing your nasal passage from the steam created from the constant heat.

2. ALLEVIATE ARTHRITIS PAIN

The soothing warmth provided by a soak in the hot tub allows Arthritis sufferers relief from soreness and discomfort. The buoyancy of the water helps to ease joint pain caused by the absence of cartilage in the joint.

3. ENJOY MUSCLE RELAXATION

Hot tubs reduce muscle soreness with targeted hydrotherapy jets that pinpoint stress points to provide maximum relief.
