We had a very positive experience, from beginning to end. Our pool installation was managed by Jeremy Snowball. It all went like clockwork! I can't say enough good things about our experience. Whenever there was a decision to be made, Jeremy was on site to overlook everything. Our pool project started on time and was completed on time. If you are thinking about having a pool installed, recommend Jeremy with confidence.

The poolside pergola provides just the right amount of shade, ideal for drying off after a swim or getting lost in a good book.

With this retreat, "pool party" takes on a whole new meaning—a perfect blend of fun and relaxation.

Incredible Service. Josh was absolutely amazing to deal with - very knowledgeable, not pushy with sales, provided an affordable solution giving us the pool we really wanted. No upsells, no hassle, no BS. The all in pricing model is incredible, it even includes the tax - no surprises, just an all in one price. The install team lead by John is 5-star all the way. This guy has 40+ years in the business and it shows. He gets the job done and provides a first class install. Just don't ask him too many questions otherwise he will say "trust the process" the thing is, he is right. Trust the process and you will get the results you were hoping. I can't say enough about this team. Absolute class leading from Sales to install. Wow.

NATURAL ROCK
WATERFALL

Decided it was time to replace our above ground pool with a good Onground, Chris was exceptional, from the initial planning stages to the digging, installation, closing for the winter and opening this spring. He and his team were always responsive, providing recommendations and support throughout the whole process. We are so happy and we were swimming in early May, this is the third pool we have built in our lifetime and I wouldn't ever go with anyone else again.

They are professional and ensure their solution meets the customers space and needs.

Guests of the Horne family enjoying soaking in the modern Emerald Shaped Onground Pool, while listening to the soothing sounds of the Rock Waterfall, and looking out at the expansive Horne property. The combination of the rocky landscaping, Rock Waterfall and sleek, modern, decking blend to create a truly timeless backyard style. The Full Reef Liner compliments the neutral, grey decking perfectly and gives the water it's inviting bright, teal colour.
