We got an above ground 18'. Mark D was absolutely amazing in providing exemplary customer service during the entire process. The sale process was a breeze. The crew installed it the same day, left the backyard spotless and were very professional and efficient. Mark put it in very simple terms how to keep the water chemistry top notch. He was always available with post-sale help and instructions. We had zero issues so far and expect to use the pool trouble free for many years to come.

Excellent customer service, rare treat these days.

Thanks Mark!

We recently decided to replace our 20-year-old above ground pool with a new one. We decided to purchase the pool from the Pioneer Pool Oakville location. It was a good decision, the sales and installation teams were outstanding. The work was done on schedule. Marcel in sales, Sam and the rest of his installation worked together to solve some minor with the install and today we are enjoying our new pool.

We highly recommend the entire crew at Pioneer Pool Oakville!!
