

SharkVAC™

ROBOTIC POOL CLEANER

An innovative cleaner with a robust design that cleans your pool's floor from wall to wall.

Hayward's SharkVAC is the newest addition to the TigerShark® family of cleaners. SharkVAC is built with proven TigerShark technology and the highest quality components. A sleek, low-profile design and top-access filter cartridges are a few of the great features that give the new SharkVAC added bite.

CLEANERS

Top access allows for quick debris removal and easy clean-up.

SharkVAC™ by Hayward® is your pool's most valuable asset.

SharkVAC uses up to 94% less energy than most pressure cleaners. The energy used by a standard light bulb is all that's needed to power this innovative cleaner! Hayward's SharkVAC is a floor specific cleaner that delivers performance and price in a uniquely robust design. It cleans your pool's floor from wall to wall...where the debris is!

SharkVAC's high-quality performance cleaner features and benefits:

- The QuickClean™ patented technology cleans most shape and size pools in 60 minutes or less.
- Top-access filter allows quick debris removal and easy cleanup just remove and rinse with a garden hose.
- Calculates the size of the pool and programs itself for the most time and energy efficient cleaning path.
- Saves you money. Runs separately from the pool's pump and filter system.
- Cleans all residential pool surfaces, gunite, vinyl or fiberglass up to 20 x 40 ft.

SharkVAC	
Work Cycle	2 hours
